YACHTING.

**LAST CHAMPIONSHIP  
RACES.**

The weather was miserable and  
cold for the final races in the  
championship for yachts at the  
club on Saturday. When  
the boats left the Club house the  
wind was light and the rain falling  
fast. Although some time later  
the rain ceased, the conditions were  
still far from pleasant, and most  
of the chilled helmsmen were very  
glad to hear their "gun."

Despite the conditions great  
interest was taken in the event on  
account of it being the last race,  
and some of the boats being in very  
interesting positions. This was so  
particularly in the Heyward Heyes  
class. Here the issue was open,  
with Sealark, Ursula and Adanar  
well up in points. At the com-  
mencement of the race the points  
of the respective boats were 74, 71  
and 70, and the result of the cham-  
pionship depended on how they  
finished. Sealark was an undoubt-  
ed favourite and she won by the  
narrow margin of two points.

Of the three boats Ursula came  
in first, taking third place, this  
bringing her total to 80, but  
Sealark, with a three point lead be-  
fore the race, followed her in and  
gained eight points, this taking her  
to 82. Adanar followed and brought  
her total of points to 77. These  
three boats have had a fine contest  
throughout the season for honours,  
and while Sealark is a good winner  
the others are equally good losers.

In the Gael class the winner was  
never in doubt, as for some time past  
Joan has been in an unassailable  
position and another win on Satur-  
day gave her a lead of 15 points  
over her nearest rival, Pierrette.  
Joan has scored more wins than  
any other boat in the championship  
this season, having crossed the line  
first on six occasions.

In the One Design class Ailsa  
was in a safe position and heads  
her class. Diana, in the Handicap  
class, fell away on Saturday and  
came in third of her class. She  
was, however, closely followed by  
Argylla II, which has been seen but  
little this season, and her handicap  
took her back to last place. In  
this class Rolla finishes a worthy  
champion.

Colleen, which has recently  
changed hands, was going very well  
on Saturday after very good per-  
formances in the two previous races,  
but she had the misfortune to foul  
Pierrette during the race and  
hauling down her flag, went out of  
the race.

The course was one of nine miles  
by way of Quarry Bay, Kowloon  
Rock, Lyemun Beach and (last  
week) Bony, with the start and  
finish at the Yacht Club.  
The wind was very light at times.

**UNITED SERVICES R. C. V.  
KOWLOON C. C.**

Playing at King's Park yester-  
day, the United Services Recrea-  
tion Club decisively defeated the  
golf section of the Kowloon Cricket  
Club. This was the return match,  
the previous one having ended in a  
tie.

Singles were played in the morn-  
ing, the United Services claiming  
eleven of the 16 games. After  
lunch, taken at the Kowloon Cricket  
Club, the foursomes were com-  
menced. By this time the rain  
had cleared, and the players enjoy-  
ed a fine afternoon's sport. The  
United Services took seven of the  
eight games, and thus finished  
victors by 18 points to 6. The re-

Kirkwood's Victory.  
San Antonio, Tex., Feb. 17.—  
Jas. Kirkwood won the Texas Open  
Championship with a score of 279  
for seventy-two holes. He finish-  
ed seven strokes ahead of Ocken-  
den. Haver's card showed 292.—  
Butler's American Service.

Course was 19 miles by way of a  
line between the North and South  
Fairway buoys and thence by Dis-  
covery Bay, Datum Rock, Chung  
Hue and Datum Rock with the finish  
between the Fairway buoys West to  
East.

Seven boats put out but there was  
only the lightest breeze and though  
the start was at 10.30 a.m. only  
three boats finished before the time  
limit of 3.30 p.m.

La Cigale finished the season in  
fine style with a good win and  
becomes the champion of her class.  
Mr. Ronse's U. and I. was a good

## CHAMBERS IN CONFERENCE.

FURTHER RESOLUTIONS.  
(Our Own Correspondent.)

Shanghai, Feb. 16.

A request that China be called upon to make immediately effective the terms of the Commercial Treaty of 1902 (whereby duties and like combined levied on junk-borne cargo between Hongkong and Treaty Ports shall be not less than the duties of the Maritime Customs on similar goods carried by steamers) was made in a resolution adopted by the British Chambers of Commerce.

The resolution reads: "That China be called upon to put into immediate effect Article III of the Commercial Treaty of 1902, whereby the duties and like combined levied on junk-borne cargo between Hongkong and Treaty Ports in Kwangtung shall not be less than the duties levied by the Maritime Customs on similar goods carried by steamer. Further that, failing compliance by China with the above recommendations, the Maritime Customs duties on junk-borne cargo be reduced to the level of duties on junk-borne cargo."

Other resolutions adopted to-day touch upon the recent cotton crisis at Tientsin, repudiation of forward contracts by the Chinese, the Customs survey, Treaty breaches, the Trade Marks Law, and Upper Yangtze Patrol.

### Contract Obligations.

Shanghai, Feb. 15.—The Conference of British Chambers passed the following:

"That this Conference views with grave apprehension the decline in Chinese commercial morality as evidenced by the recurring instances in which Chinese merchants have latterly disregarded their contractual obligations, more especially as has been demonstrated by the wholesale repudiation of forward contracts by cotton dealers at Tientsin during the past three months."

The Conference also passed a resolution to the effect that, in view of the disregard of the Treaties and many outrages last year, the Conference hopes that the granting of a two and a half per cent. Customs-surtax will be made conditional on such reforms as will, additionally to preparing for the abolition of *li-hsin*, insure adequate protection of foreign life and property and Treaty rights."

The Conference also passed a resolution inviting the attention of the British Government to the importance of securing the reaffirmation and maintenance of old established Treaty rights and usages for the security of trade."

The Conference passed a further resolution earnestly requesting His Majesty's Minister to use every possible endeavour to ensure that the rights and property of British subjects will not be jeopardised by the recognition or acceptance of the Trade Mark Law by His Majesty's Government without such modification as will provide adequate foreign representation in the Trade Mark Bureau and on every tribunal which may be called to give any decision affecting foreign interests in connection with trade marks.—Daily Bulletin.

### LONDON TO YORK.

Mr. George Newton Bell has ridden "Yorkshire Boy," an English-bred horse, from York to London in 84 hours, which is 20 hours less than the time taken by Mr. Tyrwhitt Drake, who, it will be recalled, did the journey on his Arab horse, shod with rubber shoes, last summer. Mr. Bell weighs just under fifteen stone, so that the long ride over the tar macadam was a severe strain on the horse. The jar was lessened by rubber pads fitted under the shoes, but these did not prevent slipping on the frozen surface of the roads in the North.

## SHANGHAI WAR MEMORIAL.

CEREMONY OF UNVEILING REFORMED.

(Our Own Correspondent.)

Shanghai, Feb. 16.

The Shanghai War Memorial was formally dedicated at noon to-day with appropriate services, in which all the members of the Consular Body and officials of the International and French Concessions, the Volunteer Corps Police and Fire departments, and Veterans' associations participated. Sir Edward Pearce presided, introducing Commander de Rossi, the Italian Consul-General; Mr. Stirling Fessenden, the chairman of the Municipal Council, and M. P. Lebris, chairman of the French Council, as speakers.

Shanghai, Feb. 16. A very impressive ceremony was held this morning at the unveiling of the Allied War Memorial on the Band by the Consular Doyen, Com. de Rossi. It was dedicated by Bishop P. Paris, Dean Symons and the Rev. A. Rowland. The benediction was pronounced by Bishop F. R. Graves. Guards of Honour from the Shanghai volunteers and the French volunteers and a naval detachment from a British warship in the river fired the salute.—Reuter.

## WHIST DRIVE.

KOWLOON SEAMEN'S INSTITUTE.

Last Friday evening the Kowloon Seamen's Institute held the first of a fortnightly series of Whist Drives. In spite of the bad weather and other social events there was a fair attendance. In order to give this new venture a good start, Mr. and Mrs. Sellwood undertook the organisation, Mr. Sellwood also acting as M.C. The next Whist Drive of the series will take place on Friday, 22nd Feb., at 8.30 p.m. On these occasions the Doyersing leaves Arsenal Street Pier for Kowloon at 7.50 p.m. and returns via ships at the close from Kowloon Police Wharf. The thanks of the management are due to those gentlemen who so kindly assisted by lending tables and chairs. The winners were: Ladies' 1st Prize, Mrs. Hynes; 2nd, Mrs. Castledine; 3rd, Mrs. Turton. Gentlemen's 1st Prize, Mr. Bedwood; 2nd, Mr. Hynes; 3rd, Mr. Woods; 4th, Mr. Teale.

## Look Next Week

See how teeth glisten when the film goes  
Note what beauty you have gained

For your sake and your family's sake, start making this test today. Then look next week and see the changes that occur.

Millions of people of fifty nations are now brushing teeth in this new way. Dentists everywhere are urging them to do it. You can see the results wherever you look—in teeth that glisten as they never did before.

Now see them on your own teeth. Go get this free tube at your store.

### Film makes teeth dingy

You feel or your teeth a viscous film. It clings to teeth, gets between the teeth and stays. Food stains, etc., cloud that film. Then it forms a thin dingy coat. Film is also the basis of tartar.

The ordinary tooth paste leaves much of that film intact. Thus most people's teeth, until lately, were clouded more or less. Beautiful teeth were less common.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Most tooth troubles are now traced to film. And, despite the tooth brush, they become almost universal.

### Now millions combat it

Dental science has, for long, sought ways to fight that film. Two effective methods have been found. Able authorities, by careful tests, proved them beyond question. Now millions of people are using them daily, largely by dental advice.

One method acts to curdle film, the other to remove it. And this is done without the use of any harmful scouring agent.

A new-type tooth paste has been created, based on modern research. It includes some new essentials and avoids some old mistakes.

akers. The name is Pepsodent. These two great film combatants are embodied in it.

### Some Pepsodent effects.

Film coats are more readily combated. The teeth become highly polished, so film less easily adheres.

Pepsodent also multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

Thus Nature's great tooth-protecting agents are given manifold effect, while soap-and-chalk pastes renounce their power.

These results are bringing a new dentistry in millions of homes the world over. And these whiter, safer, cleaner teeth mean life-long benefits. When you find them out, you will want your people to enjoy them.

They use it

The dainty people you see are probably users of Pepsodent. To women it means new beauty; to men new cleanliness; to children new protection.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears.

The New-Day Dentifrice

A scientific film combatant, which whitens, cleans and protects the teeth without the use of harmful grit. Now advised by leading dentists the world over. Now on sale in two sizes by all druggists.

## HONGKONG'S RADIO ADVANTAGE!

The people of Hongkong have secured a great advantage in the science of radio through having waited for the scientists of other countries to go through the experimental stage and develop the art to its present day perfection. The Radio Communication Co. (Orient) Ltd., combining a thorough knowledge of local climatic conditions with the most improved apparatus developed abroad, has created the perfect receiver for home and office use.

## Meet Jack London, Reginald Denny and Hobart Henley

Ordinarily the presence of any one of these three would be enough to make a photoplay great! But people of Hongkong have a really unusual treat in store for them. In one picture you are to see the work of all three.

## "THE ABYSMAL BRUTE"

A Universal-Jewel Production Presented  
by Carl Laemmle

is Jack London's sensational, world-famous story of a primitive youngster in modern days. Reginald Denny of "Leather-Pushers" fame plays the star role. Never did a role utilise to better advantage his splendid physique, and his ability as an actor and lover than this—beyond doubt it is his greatest picture.

The combination of these three great men guarantee a picture second to none. It's a sensation! A picture for the whole family—be sure that they see this, one of the year's greatest picture triumphs.

A PAT SULLIVAN "FELIX COMIC."

Felix is the spirit incarnate—the Eva Tanguay of the Tabbies. The cleverest, most amusing and fastest action cartoons ever offered for the screen. See what London Papers have to say about Felix Cartoons.

FELIX THE CAT, SCREEN FAVOURITE, WORTH \$25,000 A YEAR.

Quite like a film romance is the true story of the Cat, the astonishing screen pussy, who has made a fortune for the creator, PAT SULLIVAN. Little more than two years ago Mr. Sullivan, then a struggling newspaper cartoonist, was pondering ideas for a new subject when his domestic black cat jumped upon his desk and settled in the middle of the paper as though asking to be drawn. Superficially accepting the cat's "suggestion," the artist commented a series of animal cartoons.

One day, the ingenuity of the cartoons attracted the attention of a woman journalist, who suggested that they should be filmed. In screen form, the cartoons enjoyed an immediate success, which surprised nobody more than Mr. Sullivan.

To-day the wonderful cat earns for his master an income of over \$25,000 a year. At more than 1,100 British Cinemas they are now regarded as a "star" item of the programme.

In point of world appeal, Felix is rivaling Charlie Chaplin.

## GOOD NEWS.

The Government is apparently at last convinced of the wisdom of preventing the wholesale demolition of occupied property, witness the fact that it is shortly introducing a Bill which will give a right to the Building Authority to refuse permissions except in cases where reconstruction is considered "desirable." Thus the authorities are adopting a course of action which they opposed in June last, when the Hon. Mr. Pollock brought forward a motion in the Legislative Council providing that a Committee of three, to be appointed by the Governor-in-Council, should have power to postpone demolition or reconstruction of domestic tenements for a specified period. That motion was met with solid official opposition, and even one of the unofficial members voted against it. In place of the suggested committee of three, the Government now proposes to vest in the Building Authority the right to say whether any proposed reconstruction is desirable, but it goes even further than Mr. Pollock's suggestion, because there is in the new Bill no limit to the period during which the Building Authority's ban operates.

It will be recalled that Mr. Pollock's proposal called forth a lengthy oration from Mr. Fletcher, in which the latter spoke strongly against it, and that His Excellency the Governor, although leaving the issue to the free vote of the Council, also opposed the motion, fearing that its adoption might tend to prevent people from reconstructing in cases where it was eminently desirable that reconstruction should take place. His Excellency made much of the point, during his speech, that "we are getting a large amount of desirable reconstruction done at the expense of the landlord." The official viewpoint has now undergone a distinct change, for it is admitted that "the reconstruction of houses which are in a reasonably good condition is a wasteful use of the building resources of the Colony" and is "against the spirit

of the Rents Ordinances." We are most gratified at the Government's conversion, because more than a year ago we strongly urged legislation of the character now being brought forward. In one of our articles, we wrote these words:—"We are far from wishing that all rebuilding should cease. It is all to the benefit of the Colony that many of our old, dilapidated houses should be demolished. But we do protest most strongly against the movement which is being fathered by certain wealthy Chinese syndicates for the pulling down of much occupied property which is still in good habitable condition, and which is only being demolished in order that the restrictions of the Rents Ordinance may be circumvented." We take it that the Government now views the matter from this angle. Our only regret is that action was not taken sooner, because, if it had been, quite a number of tenants who have had to seek accommodation elsewhere at higher rates would never have been turned out of their old homes.

The proposed new legislation is to be welcomed from another standpoint also. We refer to the presumption it carries that the Rents Ordinance will again be renewed. That Ordinance is, by the terms of a Council resolution, only operative until the end of June next, when, failing a further extension, it must expire. It is inconceivable that, if the Government intends to repeal the Ordinance, it would at this late hour bring in the new amending Bill. We therefore take it that the Ordinance will be renewed for at least a further twelve months. With conditions as they now are, such renewal appears an absolute necessity in the interests of tenants, protection for whom is still essential.

## Our Fears.

In these tropic climes we are especially subject to influences which more fortunately-placed countries do not experience. Our health is open to various menaces, and we are more susceptible to morbid imaginings. It is, in its way, an example of "nerves" that dread enemy of modern humanity. We were told the other day of "exiles" who spent near two decades here without home leave, and are apparently in sound health. As was to be expected, theirs was a phlegmatic temperament, which, added to a sound mode of living, enabled them to weather the strains and stresses of their temporary domicile in the East. But those were rare cases—as a general rule even four years at a stretch here without a long holiday tells on the most robust constitutions of those who are not tropic born and reared. In this connection it is interesting to note the claim made by a scientist that the worst disease to which mankind can be subject is fear. It is noticeable that people who have an especial fear of any particular ailment often end by contracting that illness. Can it be that the fear is just a premonition of a disease that is gradually developing in the body? Or is it a proof of how mind acts on the bodily health? We in the tropics, where disease is usually rampant, and where fear often finds a fertile soil in our minds, should be particularly concerned with this question of the influence of morbid thought.

## Some Effects.

Let us examine some of the well-known effects of fear on the human system, a subject which the aftermath of the late war has drawn to it the special study of medical men. It is well-demonstrated that fear sometimes makes people frantic, and the effects are often lasting; it unbalances the nervous system, it interferes with the circulation and the regulated bodily functions, and in this way the general health is undermined and one's powers of resistance to sickness are lowered. Fear also becomes an intensifier of disease in this same manner. Some students of the matter claim that apprehension of evil, and confidence in immunity,

## DAY BY DAY.

HE WHO SELDOM SPEAKS, AND WITH ONE WELL-TIMED WORD CAN STRIKE DUMB THE LOCUCIOUS, IS A GENIUS OR A HERO.—*Latter.*

Dr. A. R. Esler left by the Siberia Maru yesterday.

The Hon. Sir Claud Severn is to distribute the prizes at St. Joseph's College on the 26th instant at 5 p.m.

During the past two days, 18 Chinese cases of small-pox and one British case of paratyphoid fever have been notified.

The Kuomintang Party has decided to hold a general meeting in the Public Gardens, Canton, on the 24th instant as a mark of sympathy with Russia on the death of M. Lenin.

It is reported that Dr. Sun Yat-sen intends visiting the North River district for the purpose of settling the differences between the Yunnanese and Hunanese commanders regarding the division of opium and gambling revenues in the Ying Tak district.

The Chief of the Public Peace Bureau in Canton has ordered the magistrate of the Heungshan district to send to Canton the 45 pirates, including two females, captured by the cruiser Pak Tau and a guard boat off Kum Tau Wan. They will be tried in Canton, and officials hope that they may establish some connection with the Tai Lee piracy.

H.E. the Governor and Lady Stubbs have given their patronage to, and will attend, an orchestral concert which will be given in the Theatre Royal on the evening of March 13th next. Lady Stubbs has also given her patronage to the first public recital to be given by Master Emil Danenberg in St. Andrew's Hall on March 11th. Announcements regarding these concerts will appear in our columns in due course.

There was a good attendance at the final performance of "The Rajah of Rajapoor," given by the Kowloon A.D.C. at the Star Theatre on Saturday evening. The younger members were much more at ease in their parts than has hitherto been the case, while the production as a whole, appeared to move a little more rapidly. At the conclusion, bouquets were handed up to the lady principals by appreciative friends among the audience.

A very appreciative audience at the Star Theatre last night thoroughly enjoyed the concert given by the combined orchestras of the Coronet and Star. Opening with a well-executed Zampa (F. Herold), the musicians passed on to "La Czarine" (a Russian mazurka by T. Ganne), then Meyerbeer's "L'Africaine," two selections from San Saen's "Suite Algerienne," and concluded with Rossini's magnificent overture from "William Tell." Very much appreciated, also, were a cornet solo, Tosti's "Serenade," by Mr. Basilio Altura, with orchestral accompaniment; a piano solo, San Saen's Allegro Appassionata, by Mr. Claudio Altura; and Dvorak's "Humoreske" and a Hubay's scene from "Czarda," by Messrs. Felix Altura (violin) and Claudio Altura (piano).

Whilst of opposite nature, are the results of varying conditions of the adrenal glands attached to the kidneys. When these glands are too active, their owner is timid; though cautious might be a better word, for the diseased glands telegraph to the brain that the body might be endangered by over-exertion and accordingly should take no chances. When the condition is abnormal, the person affected has spells of indefinable dread, a form of apprehension of some impending disaster. Well, whatever their cause, fears are as deadly to careers as to one's health. Just as failure usually follows timidity, so can success grow out of self-confidence. The remedy for morbid lies in the cultivation of a cheerful spirit, and the seeking of bright companionship. Let us, then, in this city of striving amongst an alien environment, extend to others, whenever we can, the cheery fellowship of common humanity; for who knows what sick souls we might be winning thereby from the Slough of Despond.

## DEATH OF PROMINENT CHINESE.

**MR. CHAN KING-YU**  
PASSES AWAY.

His many friends in the Colony were sorry to learn yesterday of the death of Mr. Chan King-yu, comprador of the Douglas Steamship Company, and one of the best known Chinese residents of Hongkong. He passed away at three o'clock yesterday morning, in his home, after a sudden illness. He had attended a special dinner the day previously, at which he appeared to be in the best of health. He was aged about fifty years, and had a long connection with the Colony.

A brother of the late Mr. Chan is Mr. Chan Chik-yu, now a resident of Hongkong, and formerly Civil Governor of Kwangtung under General Chan King-ming.

The funeral takes place on Saturday next at 3 o'clock, from the deceased's residence, No. 10, Glenealy.

The late Mr. Chan King-yu, who had a keen interest in local affairs, was a very able man in business. He was also of a charitable disposition, and often initiated theatrical performances in aid of the Kwong Wu Hospital, and added large sums out of his own purse to the proceeds. Much sympathy will be felt for the family in their bereavement.

## EMPIRE EXHIBITION.

**Colonial Secretary Visits Site.**

London, February 17. The Secretary of State for the Colonies, Mr. J. H. Thomas, yesterday inspected the progress made with the British Empire Exhibition. He expressed himself as being immensely impressed with the rapid advance made, saying "I have abundant evidence from all parts of the Empire as to the tremendous interest being taken in the Exhibition. The Dominions, Colonies and Protectorates are vying with each other in their anxiety to demonstrate all that they stand for and what the Empire means. I am simply amazed myself, not only at the size and possibilities of the Exhibition, but at the progress which has been made. Everyone seems to be working with a single mind and desire to make it a success."—*Special News Service.*

"Tut's" Tomb.

London, Feb. 16. A remarkable reproduction of Tutankhamen's tomb has been constructed by experts for display at the British Empire Exhibition at Wembley. It has been carried out by Mr. Aumonier, the well-known architectural sculptor, under the supervision of Mr. Weigal, who was present at the opening of the tomb. Wonderful chairs of ivory and ebony, fear-some elongated lions and cows, golden chariots, alabaster perfume vases, all have been faithfully copied. The tomb will have three chambers, each the exact size of the original. In an ante-room will be golden couches, chests, and chariot wheels just as they were found in the Luxor tomb.—*Special News Service.*

## DR. THOMPSON HERE.

**HIS RELEASE FROM**  
**BANDITS' CLUTCHES.**

Dr. H. Gordon Thompson, whose sister is Mrs. G. R. Lindsay, and whose wife has for a time been a resident of Kowloon, returns to Hongkong this afternoon on the s.s. President Cleveland, after a severe trial in the hands of Chinese bandits.

As we reported at the time, Dr. Thompson was captured by bandits a few weeks ago in the Paotowhen district, and much anxiety was felt on his account, but he was released not long afterwards and arrived safe in Peking on February 5th.

After the death of General Pereira, Dr. Thompson had continued the journey which the General had intended to make, and eventually reached Lanchowfu. From there he struck down the Yellow River in the direction of Paotowhen, where he intended to take the train to Peking. He was travelling in a cart drawn by two mules, and accompanied by a boy. The journey was uneventful until he came within 60 li of Paotow, when 200 mounted bandits suddenly appeared as he was approaching the top of rising ground, and they took him prisoner. Dr. Thompson managed to get a message sent to the Chinese authorities giving brief notice of his capture.

## A WILD JOURNEY.

The arrest occurred on January 24 and for the next eight days the bandits careered over the country as fast as the cart could be driven up and down dale. They intercepted and looted several camel caravans, but committed no murders. From houses they took only what they required. They informed Dr. Thompson that they intended to hold him until they obtained a satisfactory assurance that they would be taken into the regular forces.

Getting tired of the ceaseless travelling, Dr. Thompson decided to bring matters to a climax by going on a hunger strike by refusing to eat Chinese food; and this alarming the bandits, they took him to a small village, where a Belgian priest was stationed. Discussions were ineffectual, but later it was announced by the bandits that Dr. Thompson's release had been arranged.

Dr. Thompson does not know the details of his release. All his belongings and much of General Pereira's effects were kept by the gang, though most of General Pereira's photographs and some of his papers were retained by the Doctor.

An account of his recent journey along the borders of Tibet will be given by Dr. Thompson in St. Andrew's Church Hall, Kowloon, at 6.15 p.m. tomorrow, the Hon. Sir Claud Severn presiding. Admission will be free to this lecture, which is sure to be of great interest.

## SENATOR SHOT.

**WASHINGTON.**

An earlier news wire from Washington dated February 17th, reports that Senator F. R. Greene, of Vermont, the Republican representative, was

shot during a fracas between prohibitionists and "bootleggers" in Pennsylvania Avenue. He happened to be walking with his wife at the time, and a bullet struck him in the forehead. He was rushed to hospital, where it was

found the frontal bone had been broken and driven into the brain, though the bullet did not penetrate.

A later Washington wire by Reuter's American Service states that Senator Greene has been operated on and the splintered bone taken out of his skull. His condition is serious, but the physicians are hopeful of his recovery.

## SURE WAS EFFECTIVE.

"I suppose, Henry," said the gentleman to his new son-in-law, "that you are aware the check for \$50,000 I put among your wedding presents was merely for effect." "Oh, yes, sir," responded the cheerful Henry. "And the effect was excellent. The bank cashed it this morning without a word."

## LOCAL FOOTBALL

### SATURDAY'S GAMES

[BY "QUIZ"]

Saturday's football results were as follows:

#### EXHIBITION GAMES.

Interport... 2 The Rest ... 1

#### JUNIOR SHIELD.

Marazion... 1 S.China "B" 0

#### LEAGUE DIV. II.

Iriquoise... 2 Club Reserves 1

Titanis... 2 St. Joseph's 1

The Navy grounds at Happy Valley were unfit for play on Saturday last.

#### INTERPORT XI v. THE REST.

A strong team was chosen to meet the Interport team on their return from Shanghai, and these teams met on the H. K. F. C. ground before a good attendance. The overnight rain had made the ground very sodden and in places there were pools of water. Under the circumstances the standard of play was good, but the ball several times beat the players by skidding along in the mud. The game opened in favour of the Interport team, but the South China goalkeeper was responsible for preventing any score. After a fairly even fifteen minutes, the Rest took the lead, following good play by the South China pair on the left wing, Chan Kwong-ii passing to Howard who was well placed. The Club player gave Wheeler no chance with a first timer. The Rest did not hold the lead very long, for the Interport left wing got working and Johnson, receiving the ball from Nash, sent in a drive that Lau Hing-cheung failed to hold and the Police centre-forward, following up, sent the ball into the net and made the scores one all.

A fine struggle took place between the teams for the lead, during which time Lau in goal for the Rest distinguished himself in stopping shots from all the forwards. Half-time: Interport XI: 1, The Rest, 1.

The second half was very keenly contested, but towards the close of the thirty minutes' play some of the Rest team were lagging. The winning goal came after about twenty minutes' play in the second half, following several raids on the Rest's goal. Eaton was fouled by Mair about thirty yards out and McKelvie sent in from the free-kick to the feet of Eaton, who had his back to the goal, and the Surrey player, quickly turning the ball, sent it high into the net, giving Lau no chance. The Rest had a couple of chances to level up before the close but failed owing to bad shooting. The final whistle sounded with the Interport XI winning by two goals to one.

#### MARAZION v. SOUTH CHINA "B."

Playing in the Junior Shield Competition the Marazion defeated South China "B" by a goal to nil. The game was played on the South China ground in a drizzling rain and the ball hard to control. Pibworth scored the only goal of the match after twenty minutes' play.

## DAY BY DAY.

A story within a story constitutes the originally conceived theme of Charles Ray, in "The Girl I Loved," now showing at the Coronet. The scene is laid in Indiana in the middle '30s, and is a rural drama of much intensity.

A concert (and a Dance) will be given on Tuesday, Feb. 19th, 1924, at 8 p.m., in the Great Hall of the University, in honour of the new Vice-Chancellor, Mr. William Hornell, the retiring Vice-Chancellor, Sir William Bruyate, and the ex-Vice-Chancellor, H. E. Sir Charles Eliot. Adit.

Leaning over the engine to place the night light in position, one of the crew of a motor boat was injured when his coat was caught in the wheels and he was drawn towards the machinery. When extricated it was found that he had sustained a number of lacerations across the chest. He was taken to the Government Civil Hospital.

An interesting wedding took place at the Union Church this morning, the Rev. J. Kirk Macdonald officiating. The contracting parties were Dr. Edgar of Shanghai, and Miss Alexander, who recently arrived from Home. After the wedding, a reception took place at the Hongkong Hotel, and the happy couple later left for Repulse Bay, where the honeymoon is being spent.

A film described as a second "Miracle Man" is "The Faith Healer," with Milton Sills, which is on to-day only at the Star Theatre. Amongst professional cinema people, Sills is considered one of the best actors of the day, and this picture is a worthy vehicle for the display of his talent. To-morrow Kowloonites will have the opportunity to view Griffith's "One Exciting Night," the film which so intrigued the critics when first shown.

#### TITANIA RESERVES v. ST. JOSEPH'S.

On the St. Joseph's ground, the Titania beat St. Joseph's by two goals to one. The game was well contested, but the heavy going told against the lighter team before the close. In the first half each team scored once. Ball for the Titania and Bell for St. Joseph. In the second half, the sailors scored the winning goal. Ball again netting.

#### IROQUOISE v. CLUB RESERVES.

Prior to the exhibition game on the Club ground, the above teams met in a Junior League game, the Iroquoise winning by two goals to one. Penfold scored for the Iroquoise in the first half. After the change of ends, Broomfield put the sailors two up, while Lawrence scored for the Club.

## GALLANT RESCUE.

### THREE LIVES SAVED IN HARBOUR.

A particularly gallant rescue was witnessed yesterday morning when the capsizing of a sampan threw the occupants into the harbour, at a point about a hundred yards from the premises of the Royal Hongkong Yacht Club, at North Point.

It is stated that the accident was witnessed by Li Man, the caretaker of the Club, who immediately called for volunteers to man the Club's boats to go to the rescue. A number of Club boys responded and they arrived in time to save the boat-woman, but three children who been with her on the boat were found to be missing. It was supposed they were pinned beneath the overturned vessel. Two of the foks dived in and brought up the children. One of them, a two-year-old girl, suffered badly from the effects of the immersion and died at the Government Civil Hospital this morning. The other two were saved.

## EMPIRE SQUADRON.

### DEPARTURE FROM SINGAPORE.

(Our Own Correspondent.)

Singapore, Feb. 18. The Special Service Squadron left Singapore yesterday for Australia. The China Squadron is remaining until February 20th being joined by the submarines from Hongkong when they will visit Java before returning.

On Saturday night, in a fine inter-quadrant boxing programme the China Squadron won two out of seven fights. A Royal Marine belonging to the Special Service Squadron fell on to the deck and broke his neck. He was buried at Singapore last evening. His death cast a gloom over the town. The city had a record rain fall during the squadron's visit, it being the worst February for twenty years, but many thousands visited the battleship.

## TO-DAY'S MISCELLAN Y

Mr. Morice Carlos Bird, formerly of Calcutta, has been appointed cricket instructor of the Surrey Club for the Oval Season of 1924, a post worth £300 a year. Mr. Bird, who is 35 years of age, was educated at Harrow at which school he had many records to his credit. He first played cricket for Lancashire in 1901 and in 1911-13 he captained Surrey. He has travelled a good deal with cricket teams. He visited South Africa with H. D. G. Leveson Gower's team in 1909-10; Argentina with Lord Hawke's team in 1912-13; and South Africa again with J. W. H. T. Douglas's team in 1913-14. While in India on business in 1916-20 he owned and trained some horses, rode a few winners, and played cricket for four seasons for Calcutta.

THAT ALL DEPENDS. The teacher had been trying to inculcate the principles of the golden rule and turn the other cheek. "Now, Tommy," she said, "what would you do supposing a boy struck you?" "How big a boy are you supposing?" demanded Tommy.

## TEASERS

No. 1—Ten Common Objects. The following is a memory test. Read the directions carefully and follow them exactly. Test yourself and then try it on your friends. Ten common objects are shown in the illustration. Look at the drawing for about thirty seconds. (It is best to time yourself with a watch or have some one time you.) Then lay the paper aside and see how many of the objects you can remember without looking at the paper again. If you cannot remember all the objects, try it again and see how many you can remember on your second attempt. This test will be checked tomorrow. Look in this column and find how you rate.

## The best of all Tonics

In sickness, in convalescence; if insomnia troubles you, or if you are merely "run down," Glaxo is the best tonic of all.

Glaxo, the solids of pure, rich milk, can be assimilated easily by the most feeble digestion. Its perfect freedom from bacteria safeguards against infection, and the method of preparation—simply add hot, boiled water—enables its strength to be adapted to the requirements of the patient. The stimulating, nerve-toning elements required to recapture lost health and vigour are found in

The Super-Milk

taken as a milk-drink or as the basis of many appetising milk dishes

## SOLDIER SETTLERS IN AUSTRALIA.

Major-General Wauchope has been, in fact still is, visiting Australia to see how the soldier settlers in that country have been getting on. His report is of the most encouraging nature. Up to recently he had visited eight hundred of these settlers, many of whom have their families with them. The percentage of failure is under two per cent., a result which is as gratifying to the committee responsible as it is to the men themselves.

This excellent condition of affairs is likely to raise the question whether more could not be done with soldier settlers. The movement hitherto, has been on quite a small scale, and there has been little co-ordination in it. Some have come out as paid help to farmers, others have taken up their own land, but both classes have done well. Certain minds here interested in developing the idea on a broad scale are planning the bringing out of considerable numbers of such settlers, and a good deal is likely to be heard of the idea next year.

**INTERNATIONAL SOCCER.****WALES DEFEATS SCOTLAND.**

London, Feb. 16.—At Cardiff, in fine weather, before 30,000 spectators, Wales beat Scotland by two goals to nil.

The attendance was a record for a Soccer International in Wales. There was plenty of thrilling play in the opening half, but the cleverness of the respective defences prevented scoring. After fifteen minutes in the second half W. Davies finished a fine run by scoring a splendid goal. Thereafter, the Welshmen took command and near the end Len Davies obtained a goal in a maelstrom in front of the Scots goal.—Reuter.

French Army Beaten.—Paris, Feb. 16.—In the International triangular soccer tournament the British Army beat the French Army by 2 goals to 1.—Reuter.

Give  
Brooke Bond tea  
Fair Play

—by brewing it properly  
—and you'll know with-  
out a doubt what really  
good tea it is.

Its fine flavour—its appe-  
tising aroma—these are the  
signs of highest quality.

Brooke Bond is good tea  
that is still good when you  
get it. The vacuum pack-  
ing preserves all the flavour  
and all the strength. Unlike  
ordinary tea, it is not sealed  
up with moist tropical air,  
so can't deteriorate.

Everybody prefers Brooke
